

CAN•DOR

ACCOUNTABLE SHIPPING

EXPERTISE & LEADERSHIP

"Improving accountability starts with shippers being open to choices they didn't know they can make."

Nicole Glenn
President & CEO

OUR VISION

We're known for speaking our mind. It's the reason why our name is Candor. It's also the reason why customers across the U.S. trust us to make them shipping heroes.

Now we're helping them become accountable shipping heroes who have a real and meaningful impact on their organization's financial, operational, corporate sustainability, and environmental goals.

COST EFFICIENCY

Our strength is using our nimbleness and creativity to provide customers with solutions that drive down costs while increasing service and delivery quality and reliability.

SUSTAINABILITY

Our strategies don't just reduce costs while raising service delivery expectations, they help our clients and the industry at large reduce carbon emissions, packaging waste, and our impact on the environment.

WITHOUT MEASURABLE IMPACT, THERE IS NO VALUE TO ACCOUNTABILITY.

OUR FOUR PRIMARY ACCOUNTABILITY IMPACT AREAS ARE:

TRANSPARENCY

It's impossible to optimize shipping decisions unless we're fully transparent with what we're doing and why. We are open about our approach to every order and, if anything, over communicate with our customers.

CUSTOMER SATISFACTION

Your customers - whether they are consignees, product distribution managers, your boss, or your boss's boss, we're here to make you their accountability hero.

OUR SERVICES

Creativity, nimbleness, and the ability to combine the right mix of multi-modal services on the fly is our secret sauce.

DOMESTIC OCEAN

Candor brings our standards of transparency, accountability, and communication to our domestic ocean services including shipment consolidation and warehousing. We have the flexibility to quote both 'slow boat' via ocean and air so that customers can choose the appropriate solution for their budget.

THE INDUSTRIES WE SERVE

Candor provides services to customers in all kinds of industries. However, we have particularly deep experience and long-term customer relationships in the following:

INDUSTRY	IDEAL & COMMONLY REQUESTED SERVICES:	
AEROSPACE	<ul style="list-style-type: none">Ground ServicesDomestic Air Services	<ul style="list-style-type: none">White Glove
AUTOMOBILE	<ul style="list-style-type: none">Ground ServicesDomestic Air Services	<ul style="list-style-type: none">White Glove

EVERY DAY, WE'RE A DIFFERENT COMPANY.

The word 'reliable' to most shipping companies means they offer the same services in the same way to every customer every day. At Candor, we're reliably different from one day to the next and from one customer to the next.

Every morning we get to work ready to use our innovation and creativity to tackle whatever challenges our customers bring our way.

We thrive on helping them exceed their own accountability expectations and turning them into shipping heroes. It's why we're here. It's what we love to do.

FOLLOW UP WITH US.

If you'd like to know more about our accountable shipping services and how we can put them to work for you, please contact us.
